Date Range of AARs Reviewed: _____

Type: Drill Incident Training Mixed

Location(s): _____ Total Number of AARs Reviewed: _____

Common Decisions Identified (from L1)

Decision #1: _____

Decision #2: _____

Decision #3: _____

Observed Themes – What We Saw (Facts Only)

Theme / Observation #1: _____

Theme / Observation #2: _____

Theme / Observation #3: _____

AAR SUMMARY

Aggregate Review Data

Identified Concerns & Root Causes

Concern #1 Description: _____

Root Cause Category: People Process Technology Policy

Concern #2 Description: _____

Root Cause Category: People Process Technology Policy

Concern #3 Description: _____

Root Cause Category: People Process Technology Policy

Improvement Actions (Multiple Allowed)

Improvement Action #1: _____

Linked Concern(s): _____

Owner (Role Only): _____

Target Completion Window: _____

Improvement Action #2: _____

Linked Concern(s): _____

Owner (Role Only): _____

Target Completion Window: _____

AAR SUMMARY

Aggregate Review Data

Re-Measurement Plan (Per Improvement)

Metric to Re-Measure: _____

Area: Dispatch Assembly Initiating Action Other

Planned Re-Measurement Date: _____

Success Criteria: _____

Trend & System Notes

Is this concern recurring across multiple AARs? Yes No

If yes, estimated frequency or pattern: _____

System-level insight (process, policy, design issues):

Reviewer Information (Optional)

Reviewer Role / Section: _____

Date Completed: _____
